REUBER HENNING is a label that designs modern hand-knotted rugs. Since 2007, our Berlin label has been creating designs with a distinctive classical style. They are produced under fair working conditions in Nepal's Kathmandu valley, using only superior materials like Chinese silk and Tibetan highland wool. At Reuber Henning, we are team players working between cultures and combining artistic disciplines, ultimately creating a product with a soul and with a clear stance!

REUBER HENNING est un atelier de conception de tapis modernes noués à la main. Depuis 2007, ce label berlinois conçoit des designs visionnaires conjugués à un graphisme classique. Fabriqués dans des conditions équitables dans la vallée de Katmandou au Népal, les tapis sont exclusivement réalisés avec des matériaux précieux, tels que la soie de Chine et la laine du plateau tibétain. L'équipe de Reuber Henning se compose de personnes à la croisée de toutes les disciplines et cultures artistiques. Une particularité qui leur permet de créer des produits se distinguant à la fois par leur style et leur âme!

REUBER HENNING es un estudio que diseña alfombras modernas, anudadas a mano. Nuestra firma berlinesa lleva desde el año 2007 creando diseños ingenuos con un distintivo toque clásico. Se producen bajo condiciones justas en el valle de Katmandú en Nepal, usando sólo materiales superiores como la lana de las tierras altas del Tibet y la seda de China. En Reuber Henning, somos jugadores de equipo cuyo trabajo implica entrelazar culturas y combinar elementos de todas las disciplinas del arte. ¡Así creamos un producto con alma y con una posición clara!
